# YOUR RIGHTS

EU Citizens are free to enter, leave, travel and live in Cyprus and may also engage in any economic activity, either as paid employees or self employed persons, service providers or engage in any educational opportunity in Cyprus, under the same conditions as Cypriot citizens.

#### Do I have to complete any formalities to enter Cyprus for a short stay, as tourist for example?

If you are going to spend less than three months in Cyprus, you only need to have a valid passport or a valid identity card issued by your country and not expiring in less than six months, which shows your nationality. When you enter Cyprus from a formal and recognized airport or port you can go through passport control queues identified for EU Nationals.

However, if you intent to stay in Cyprus for more than 21 days, you have the obligation to identify yourself to the Civil Registry and Migration Department of the district of your residence in 35 days from your entry in the Republic. The Presence Identification Form contains your name, country of origin, passport or ID number, day of arrival in Cyprus and purpose of stay.

# **SELF EMPLOYMENT**

It should be noted that most companies in Cyprus work in the services sector and are classified as small on the basis of the EU definition.

Registering a company in Cyprus requires the submission of an application to the Registrar of Companies (+357 22 404 400). in order that the name of the company can be examined and approved, and payment of a fee of €12 or, if the rapid service is required, of €25. After the name has been approved, the relevant documents have to be submitted by a lawyer practicing in Cyprus. The registration fee depends on the capital of the company.

If you are interested in creating a company in which you will be self-employed or in moving your existing company to Cyprus, you should seek the guidance of a lawyer and an accountant in order to avoid mistakes and unnecessary trouble. You can find information relating to companies and/or professionals providing legal and accountancy services on the website of Certified Public Accountants of Cyprus. www.icpac.org.cy

# **ACCOMMODATION**

Deposits of up to one month's rent are normally required. Renting in Cyprus is not cheap. In many cases people share apartments in order to split the costs for renting. Be also aware that electricity, water and telephony costs are not included in the rental price. On average, the prices for renting an apartment in Cyprus start from €8 to €15 per m<sup>2</sup>.

Entrepreneurs (tel: +357 22 889 759, email: mesitwn@cytanet.com.cy) and the Estate Agent Registration Council (tel: +357 22 889 759) may be contacted for information on Estate Agents in Cyprus.

## FINDING SCHOOLS FOR CHILDREN AND OTHER DEPENDANTS

Both European citizens who live in the Republic of Cyprus and members of their family who are nationals of a third country are entitled to education in the State Educational Institutes, as are Cypriot citizens.

The Republic of Cyprus wishes to ensure that children who come to live in Cyprus from other EU countries are able to continue their education. The Ministry of Education and Culture is the competent body to approach for help about finding a school (tel: +357 22 800 600, email: moec@moec.gov.cy). You will be able to speak to the competent officials in the directorates for each level of education at the Ministry (e.g. the Directorate or Primary Education, Directorate for Secondary Education, and Directorate for Higher Education).

You can find approved state and private nursery schools, primary schools and lower and upper secondary schools through the Ministry. You can also get information about tertiary education (universities, colleges, higher education schools) from the Ministry of Education and its web site → www.highereducation.ac.cy and by the Euroguidance Center in Cyprus at

# KNOW BEFORE YOU GO TO CYPRUS

# FACTS, FIGURES AND USEFUL ADDRESSES

#### **GETTING AROUND CYPRUS**

The great thing about Cyprus is that it is an Island so getting lost (unless you really try) should be quite hard. However it may be useful to get to know a little about the main roads and transport systems available to you before arriving. The Island's two main airports are in Larnaca and Paphos. The motorway network that connects all the main towns and resorts makes it easy to get around. There is no doubt that the best way to get around Cyprus is by car. The road signs are in both English and Greek (a throwback to the long English occupation of the Island) which is why driving is still on the left side of the road. The public transport system has been recently upgraded with new busses and new routes covering all major cities in Cyprus. Shared taxi coaches are also widely used for connecting the various

cities around the island.
